

ActiveYards™

ALUMINUM FENCING SOLUTIONS

Your Favorite Room Isn't a Room, It's a Yard.

You've worked hard to make your house a home - functional, comfortable, a natural expression of your personality. With *ActiveYards*, that feeling doesn't stop at your door. From the strength and beauty of their craftsmanship, to the guarantee of their future, our outdoor living products make your yard an integral part of your home.

Solutions for busy backyards. *ActiveYards*.

Granite Shown in 54" Pewter - Home Series

ActiveYards™ Ingenuity

We believe your time outside should be fun and carefree, that's why we work hard on our patented technologies to bring you beautiful, durable solutions backed by transferable Limited Lifetime Warranties.

OUR ADVANTAGES

CORIGIN™

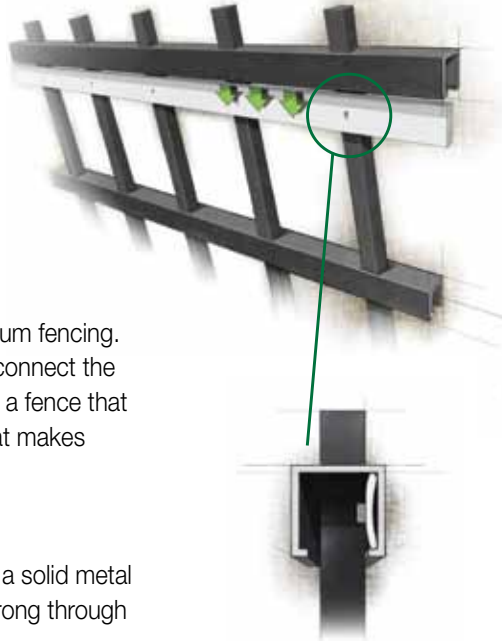

Better from the inside out

ActiveYards has a whole new way for you to think about aluminum fencing. With a patent-pending construction system called Corigin, we connect the pickets and rails from the inside, fortifying the core and building a fence that outperforms all other standard fencing. It's a smarter design that makes ActiveYards the strong, beautiful choice for your yard.

Our Strength is at the Core

ActiveYards aluminum fencing with Corigin technology features a solid metal core that runs through the center of each rail to help it stand strong through the seasons.

What's the biggest difference? No screws. With time and weather, screws on traditionally built fences can loosen, rust or break. Our core is designed with interior locking pivots that grip each picket of the fence just as tightly as screws, but without the wear and tear.

Beauty from all Angles

A key to a beautiful fence is its ability to rack or flex and follow the natural slopes of your yard. Corigin technology allows our fencing to rack farther so that it can flex to angles that other standard fencing just can't.

Corigin™ Technology

Part of the reason our fencing racks better is because ActiveYards aluminum fencing eliminates screws altogether. Not only does this make for a more gracefully laying boundary, it also eliminates the eyesore of screws. With ActiveYards aluminum fencing, you have a perfectly smooth-looking fence from both sides. Now you can love every view of your yard.

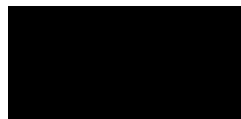

SOLARGUARD™

Color that Lasts

You work hard for vibrant landscaping, and your fence shouldn't pale in comparison. Our advanced technology protects it from the sun's harmful rays so the color you choose today will keep a bright, like-new finish for seasons to come. Even when the sun is at its brightest, your fence should be too. That's why we've created an exclusive color retention technology, SolarGuard, which helps your fence outperform others against the sun's harmful rays.

The secret of SolarGuard is in the unique composition of the fencing material itself. SolarGuard technology is actually infused as the fence is created, helping to protect its color from the inside out. Where standard fencing fades or discolors as a result of sun exposure, you can rest assured that SolarGuard helps your ActiveYards fence retain its original color beautifully for years, guaranteed.

Certain styles of ActiveYards fence are pool code approved at the national level. Please note that codes not only vary by state but also by locality. Our pool code products may not meet your local pool code requirements. Be sure to check the codes in your area before ordering.

National Panel Specifications

- Fence panel must be at least 48" tall
- Distance from the top of the bottom rail to the top of the next highest rail must be at least 45"
- Spacing between pickets must be less than 4"
- Space from the bottom of the bottom rail to the ground must be less than 4"

National Gate Specifications

- Must have self-closing hinges
- Must have self-closing latches
- Need to open out (away from pool area)
- Opening mechanism of the latch must be at least 54" above the ground

Granite Shown in 60" Black - Haven Series

GATE FEATURES

Gates

All gates are fully welded for extra strength, include self-closing color matched hinges and have optional Gravity, Lock and Pool Safe latches.

Drive gates can be created with single arched gates (2 gate leaves), estate arched gates (2 gate leaves), and using two straight walk gates (as seen below).

Granite Drop Rail
Shown in 60" Black - Home Series

Walk & Drive Gates

6' wide walk gates in the Home series and 6', 7', and 8' wide walk gates in the Haven series are constructed using common rails and pickets but with heavier framing.

6', 8', and 10' wide double drive gates in the Home and Haven series are constructed using common materials as our current ActiveYards walk gates. The 12' wide double drive gates in the Home series and the 12', 14', and 16' wide double drive gates in the Haven series are constructed using common rails and pickets but with heavier framing.

Warranty

TRANSFERABLE LIMITED LIFETIME WARRANTY

Barrette Outdoor Living warrants vinyl and aluminum products to include; vinyl and aluminum fence, vinyl and aluminum railing and plastic lattice against defects or workmanship for as long as you own your home. Barrette Outdoor Living will at its option replace the product in question with new product of the same or equivalent value at no charge. Barrette Outdoor Living warrants these products against peeling, flaking, splintering, corrosion, rusting or abnormal discoloration under normal use and service per ASTM D 2244. This warranty extends to the original purchaser or transferee as specified herein on the products noted above. Separate and distinct warranties for hardware and other products are not covered under this warranty.

The foregoing is only a portion of the fencing warranty and is therefore conditioned upon customer's satisfaction of the terms and conditions set forth in the complete warranty. Please ask your ActiveYards representative or visit www.activeyards.com for a copy of the complete warranty.
